Year 4 Times Tables

Dear Parents / Carers,

As you may be aware, as part of the Year 4 Maths curriculum, all children in Year 4 are expected to know, by heart, all the Times Table facts up to 12x12.

In June 2023, all Year 4 children nationally will take part in an **online Times Tables Assessment**. The test will be done online, in test conditions, with a 6-second gap to answer each question. We do not know which questions will be asked, so children need to know all multiplication facts confidently.

In our Maths lessons we will be learning and practising all our times table facts from 1x1 up to 12x12. To help with their learning in this specific area, there are a number of websites which you can help your child learn their times tables:

- www.timestables.co.uk (your child has already set up an account for this site where they get awards and certificates)
- www.topmarks.co.uk/maths-games/daily10
- www.maths-games.org/times-tables-games.html

... and many others! For additional online games and other sites, just Google **Times Tables**.

If there are any further questions about this, please do not hesitate to ask. As always, thank you so much for your continued help and support.

Yours sincerely,

A. Kay

Mr Andrew Kay

(Year 4 Class teacher & Deputy Head teacher)
